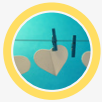
Support for HIE Loss

You are never alone.

RESOURCES FOR SUPPORTING, HONORING, AND REMEMBERING HIE LOSS

Professional Support Resources



Social Work Services

Our on-staff social worker provides families with a compassionate and caring starting point by connecting them to a range of bereavement, grief, and loss resources.

Child Life Specialist Services

Our on-staff Certified Child Life Specialist is trained to provide coping strategies and suggestions for memory-making through the bereavement and grief journey for the whole family - parents, siblings & extended relatives..

Global Community Resource Network

We are able to connect you to resources worldwide -- tapping into additional individualized & local programs to support your whole family along the way.

Peer Support Programs

Facebook Support Group

The HIE Loss Support Group is a worldwide peer support network designated for parents who have lost a child to HIE to express their feelings, support one another, and share their story.

Peer Support Mentor Program

This Peer Support Mentor program matches up families new to HIE loss with experienced, compassionate, trauma-trained peer parent leaders who provide emotional peer support to families through a 1:1 Peer Mentor experience.

Monthly Video Support Groups

Led by Hope for HIE's social worker, HIE loss families come together through a video support group to find community and discuss their journey with others.
