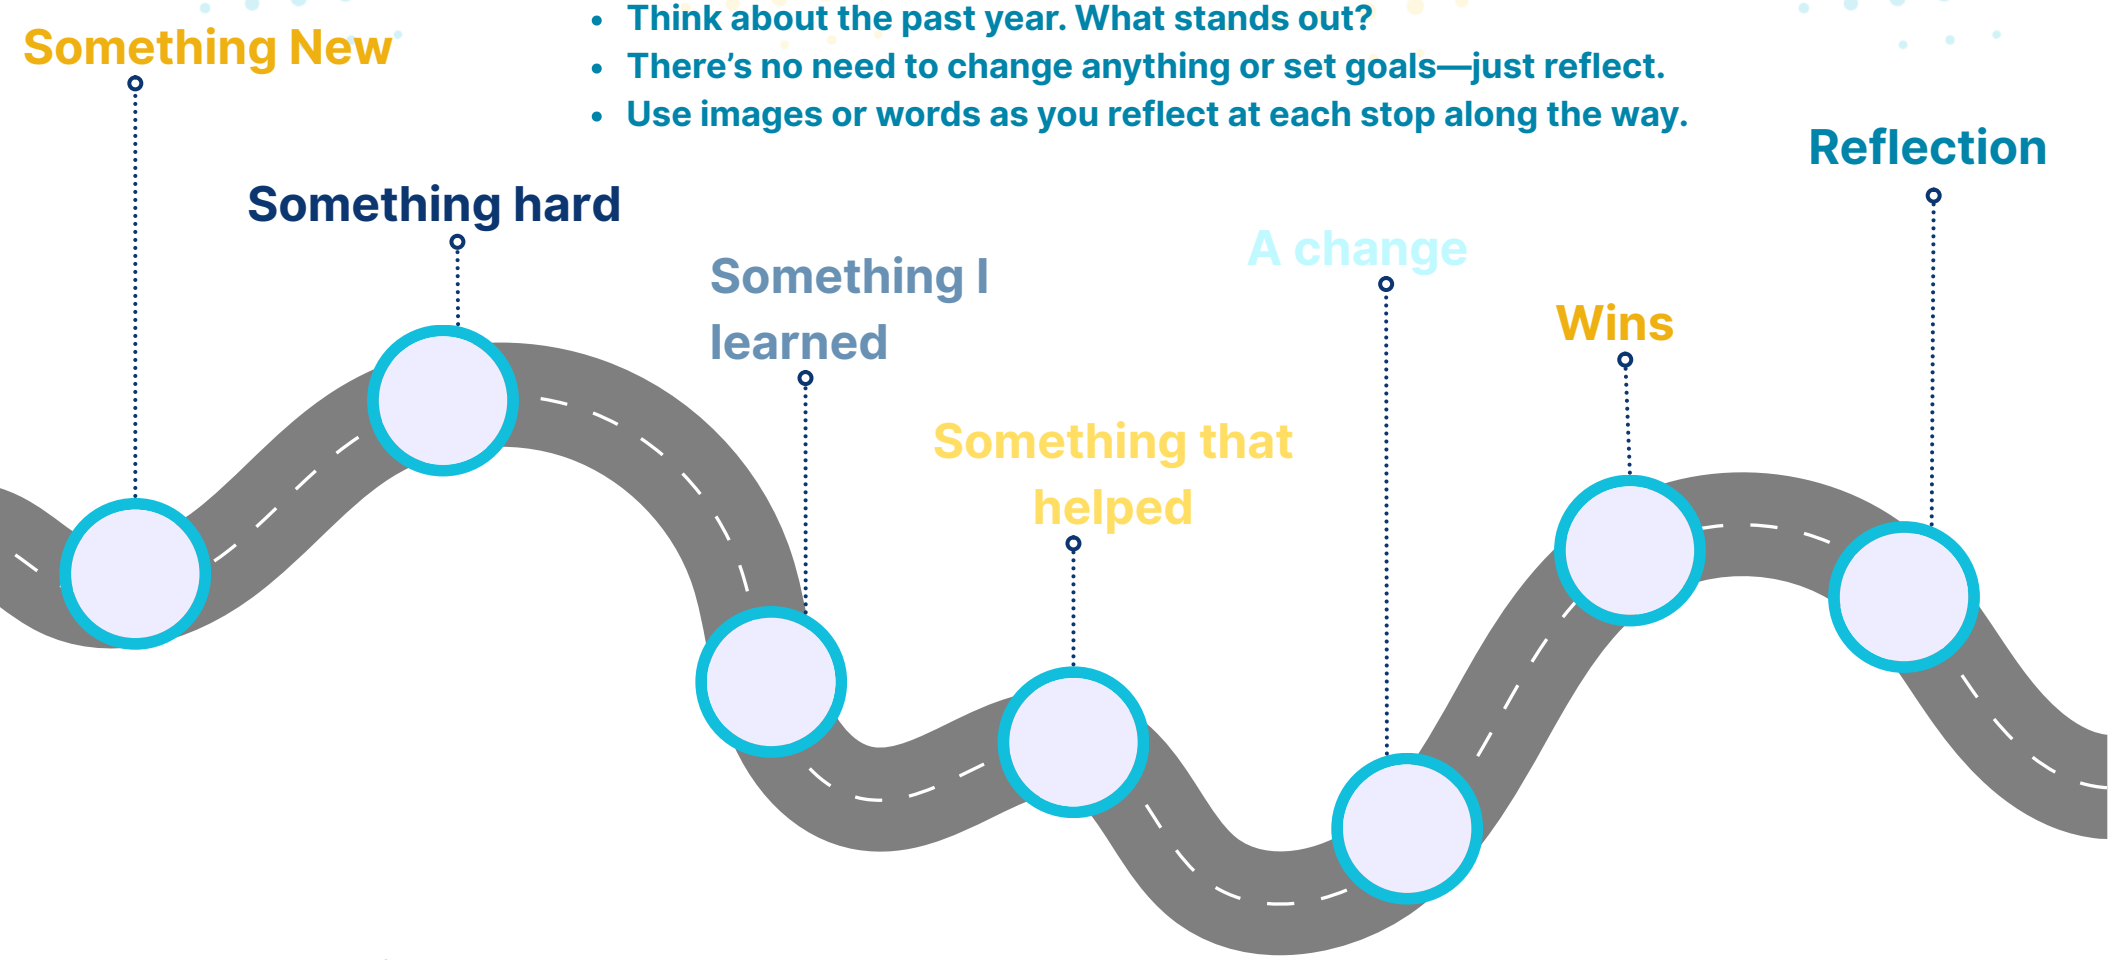
HOPE for HIE

SUPER SIBS

MY YEAR:_____

This project is about noticing, not fixing.

- Think about the past year. What stands out?
- There's no need to change anything or set goals—just reflect.
- Use images or words as you reflect at each stop along the way.



Then, move to the next page and think about the year ahead.
Are there any hopes, wishes, or things you're curious about as you look forward?
Take your time, and make this project your own.
